**Media Watch...is intended as an advocacy, research and teaching tool. The report is international in scope and distribution – to colleagues who are active or have a special interest in hospice and palliative care, and in the quality of end-of-life care in general – to help keep them abreast of current, emerging and related issues – and, to inform discussion and encourage further inquiry.**

MY INVOLVEMENT IN HOSPICE AND PALLIATIVE CARE DATES FROM 1985. As a communications consultant and educator, I’ve been involved in or responsible for a broad range of initiatives at the community, regional, provincial and national level. My current focus is advocacy and policy development in addressing issues specific to those living with a terminal illness – both patients and families.
